

DOMAINE HENRY NATTER

SANCERRE

GROWING REGION:

Sancerre, Loire Valley, France.

TERROIR:

Southwest Sancerre, widely planted before phylloxera struck in 19th century and left mostly barren of the grape since, save for a few modern pioneers like the Natter family. Soil is Kimmeridgian limestone marls (think white cliffs of Dover), making very characterful wine.

GRAPES:

Sauvignon Blanc.

VINIFICATION NOTES:

Organic compost and homeopathic applications. Native yeast fermentation in huge old wood *foudres*. Ages a minimum of 6 months. 8,500 cases annually.

TASTING NOTES:

Intense aromas, rich texture.
