

Domaine Treloar

Côtes du Roussillon

The Wines

- *Cotes du Roussillon “Cuvée Le Ciel Vide”*: Syrah, Mourvèdre, Grenache: This is the domaine’s homage to 9/11, inspired by a Bruce Springsteen song. The blend can change radically depending on the year (check the domaine’s website for specific [tech sheets](#)). The wine is raised in tank and averages 200-500 cases.
- *Cotes du Roussillon Villages “Cuvée Three Peaks”*: Syrah 50%, Mourvèdre 30%, Grenache 20%: Named after three peaks in the Pyrenees that overlook the vines, plus it’s a reference to Jonathan’s childhood and three well-known peaks in the Yorkshire Dales. This cuvée is always based on Syrah (again, check the domaine’s [tech sheets](#)), and it reflects the typical clay soils of Les Aspres that are laced with stones. The stones are a mix of schist, marble and granite. Aged mostly in tank with some older wood; production averages 650 cases.
- *Cotes du Roussillon “Cuvée Motus”*: Mourvèdre 80%, Syrah 15%, Grenache 5%: Motus is a wine lover’s wine, an age-worthy cuvée always based on at least 80% Mourvèdre (check the domaine’s [tech sheets](#)). It comes from a 3.5-acre parcel of old Mourvèdre growing in limestone-clay soils. Raised entirely in barrel, with roughly 20% new wood; production averages 400 cases.
