

LES PARCELLAIRES

de Saulx

GEVREY CHAMBERTIN
"LES EVOCELLES"

LONG AND BALANCED

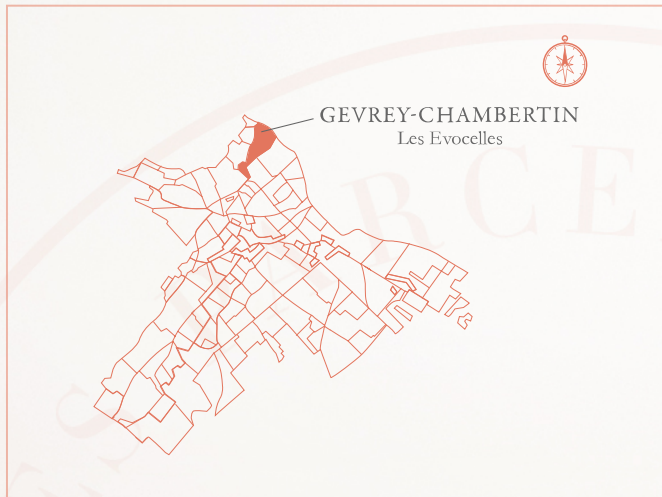

THIS "CLIMAT"

This name of this climat comes from the Old French "Vaucelle" which refers to a small valley. The relief of this climat is particularly undulating.

TERROIR

This climat is located in the extreme north of the appellation, right on the top of the hillside with a calcareous soil formed of pure alluvium.

Its altitude, east-facing exposure and location on the terraces imparts great tension which enhances the sensation of complexity and spicy aromas.

Pinot Noir

 12-15 months

 100% barrel 1
Wine

7 years

TASTING

Appearance : beautiful ruby colour with shiny reflections

Bouquet: It reveals slightly toasted notes and a subtle blend of concentrated red fruits with gooseberry and raspberry characteristics which evolve towards slightly vanilla notes.

In the Mouth : Fine and mineral, it presents a balanced structure, great length and subtle aromas of red fruits and spices.
