## Chablis

---

### Chablis L'Incontournable 2021

*The 2021 Chablis L'Incontournable, raised 70% in stainless steel and 30% in barrels for 15 months, has quite an intense bouquet with candied orange peel, light yellow plum aromas, and good vigor here. The palate is well-balanced, with tangy marmalade notes on the entry. Fine acidity, quite a gutsy Chablis Village managing to retain freshness and tension. Worth hunting down.*

**89 pts-** Neal Martin, Vinous, July 2023

### Chablis Mont de Milieu 1er Cru 2021

*Pale colour with a green tint. Perfumed too with enjoyable weight. Salted limes and lemons, with a little melon behind. Long and complex. The aftertaste transcends the reputation of the vintage. Drink from 2025-2029. Tasted: July 2023.*

**92 pts-** Jasper Morris, December 2023

*The 2021 Chablis Mont de Milieu 1er Cru comes from 65-year-old vines, sees no wood contact and is aged in stainless steel for 15 months. It has an attractive nose: crushed limestone commingling with sea spray and hints of praline. The palate is taut and fresh with a fine bead of acidity, much more elegant than many of its peers, with lovely white peach and nectarine notes on the finish. Recommended.*

**91 pts-** Neal Martin, Vinous, July 2023

### Chablis Mont de Milieu Vieilles Vignes 1er Cru 2021

*Pale colour. This bouquet is beautiful! The wood is completely integrated. Then a peachier finish, even in this vintage, but juicy and generous, with some citrus to wash over the bones. Drink from 2026-2030. Tasted: July 2023.*

**93 pts-** Jasper Morris, December 2023

*The 2021 Chablis Mont de Milieu Vieilles Vignes 1er Cru comes from 88-year-old vines and sees 30% aged in barrel for 15 months. It has an elegant and refined bouquet with subtle oyster shell and wet stone scents filtering through the malic aromas. The palate is well-balanced with a fine bead of acidity, very harmonious and poised with assiduous spiciness, lending another dimension on the finish. Excellent.*
