

Domaine Jean-Luc Mouillard Jura

Macvin du Jura NV

A shower of stars for Jean-Luc Mouillard in the Guide this year. Here are three more for the straw-colored Macvin, which waited 30 months to deliver a nose of honey, gingerbread and menthol and where, for sure, the alcohol is present. This last is always present in the mouth, well balanced with the sugar. The freshness is installed with grace and precision, but also with an aromatic development where the mead has a good place. A menthol side reinforces the impression of freshness and tone.
