Macération Pinot Gris 2022

If you like the taste of quince paste as much as I do, you'll love this unique orange wine from Alsace. It also reminds me slightly of red Burgundy, plus there's a touch of dry autumn leaves. Richly textured and moderately tannic, this has stature and excellent balance. Fermented and matured in well-used barriques. From organically grown grapes with Fair'n Green certification. No sulfites added. Unfiltered. Drink or hold.
