

DOMAINE MÉLANIE PFISTER

After brilliant studies (Agronomic Engineer and an Oenology diploma in Bordeaux), Mélanie returned to the estate in 2008. She has since continued to push the needle ever further towards quality. A few wines have been added to the range, including a very successful maceration Pinot Gris and Gewuztraminer since 2018. As a result of global warming, we also find excellent Pinot Noirs from Hüt and Rahn. Without forgetting Crémants aged for a long time on the lees, an excellent Riesling from the grand cru Engelberg and since 2014, a model of Pinot Gris vinified in barrel, from Silberberg. A constant journey towards consistency and high level which we are rewarding this year with an additional star.
