

# Domaine Marc Tempé

## Haut-Rhin

*The wines [Tempé's] are unusually concentrated and individualistic, often with well-integrated residual sweetness and supremely textural, yet they have much energy and drive.*

-Anne Krebiehl MW, Vinous Media, April 2024

### **Pinot Gris AmZelle 2020**

*The 2020 Pinot Gris AmZelle is pure, aromatic and savory on the concentrated, slightly flinty nose that reveals ripe, golden-yellow fruit with red cheeks. Round and juicy on the palate, this is a full-bodied, dense and currently quite tannic Pinot that was pressed slowly and partly fermented in small barrels. It's an interesting, age-worthy, gastronomic wine that should be cellared for at least another three years. 14% stated alcohol. Natural cork. Tasted at the domaine in November 2024.*

**92 pts**—Stephan Reinhardt, The Wine Advocate, February 2025

*This mouthwatering white features light smoke and slivered almond flavors that show hints of crunchy pear and apple. It delivers a zesty, mineral-infused finish.*

**89 pts**—Aleks Zecevic, Wine Enthusiast, September 2024

*The 2020 Pinot Gris AmZelle is made 80% in foudre supplemented by three smaller barrels. All stayed on gross lees for two years. Smoke on the nose turns into soy-tinged pear on the smooth palate that is beautifully dry. An absolute sense of umami saltiness is immense on the finish. This is a Pinot Gris with immense drive and unbelievably appetizing with that dark soy sauce flavor. The 2020 is totally unusual and enticing. 2.5 g/L of residual sweetness. (BoneDry)*
