## Sancerre

### Sancerre Origine 2023

*As I have mentioned in the past, the Sancerre “Origine” bottling from Matthias and Émile Roblin is made primarily from vineyards planted on terres blanches soils. The 2023 version offers 72 up a bright and classic bouquet of gooseberry, lime, a beautiful base of limestone minerality, a delicate touch of fresh-cut grass, citrus peel and a topnote of white flowers. On the palate the wine is vibrant, focused and full-bodied, with an excellent core of fruit, fine mineral undertow and grip, a lovely spine of acidity and a long, impeccably balanced and complex finish. This is first class Sancerre. 2025-2035.*

### Sancerre Origine 2022

*The 2022 Sancerre “Origine” bottling from Matthias and Émile Roblin is an excellent wine. The bouquet is bright and precise, wafting from the glass in a mix of lime, green apple, chalky minerality, just a touch of fresh-cut grass, white flowers and a topnote of citrus peel. On the palate the wine is focused, full-bodied and beautifully defined by its underlying terres blanches minerality, with a fine core of fruit, a lovely girdle of acidity, excellent balance and a long, complex and racy finish. This will age very well indeed. 2024-2035.*
