2021 'Sonny Boy', Happy Canyon of Santa Barbara (80% Merlot – 20% Cabernet Sauvignon)

Stunningly fresh and vibrant in the glass, this Merlot based blend offers classic notes of cedar, espresso, and violet alongside the purity of dark plum, black currant, cracked pepper, and a delicate smoky edge. Striking energy unfolds into a perfectly balanced mid-palate framed by soft, lingering tannin. Aged for 16 months in 100% French oak (a mix of once filled and neutral 500L barrels) and 265L cigar shaped terracotta, the final 6 months in 500L sandstone amphora before bottling.

Harvest Dates: October 4th

Alcohol: 13.5%

pH: 3.68

TA: 5.1 g/L

Hand harvested, de-stemmed, and cold soaked for 5 days with daily pump over circulating and homogenizing the juice before inoculation. Pumped over 2 times per day at peak fermentation, then 1 time per day toward the end of fermentation. Pressed at dryness and transferred to barrel. After 6 months, each barrel is racked in the Spring off the gross lees and sent back to barrel. The wine is racked again and blended after 16 months, then returned to barrel for an additional 6 months before being transferred to tank for bottling.
