La Encantada Pinot Blanc 2024

The 2024 Pinot Blanc La Encantada Vineyard was fermented in stainless, then aged in a combination of stainless, neutral oak and sandstone amphora. Broad, leesy and super distinctive, the 2024 churns out an array of fresh mint, white flowers, white peach, toasted almond and jasmine. It saturates the palate with scintillating acidity and rounded fruit, leaving behind a grip of tannin that makes it feel especially chewy and serious. Absolutely mouthwatering, the Pinot Blanc is a standout in the range.

La Encantada Pinot Blanc 2023

The 2024 Pinot Noir La Encantada Vineyard delivers a slightly darker, spicier profile with loads of macerated cherry and toasted baking spices. Though there's a sense of measured richness here, the wine bursts with bright acidity. The textures are both seamless and enveloping. It's another expertly balanced, elegant, finessed wine from Ryan Deovlet.

La Encantada Pinot Noir 2024

The 2023 Pinot Noir La Encantada Vineyard impresses most with its exceptional focus and density through the mid-palate. Pomegranate, orange zest, violet and crushed rocks add to an impression of restrained power. The structure is particularly polished, but it's formidable. Slightly longer aging of 16-18 months in once-used oak was just what the doctor ordered.

La Encantada Pinot Noir 2023

The most intense and multifaceted Pinot Noir of the Deovlet roster is the 2023 Pinot Noir La Encantada Vineyard, which bounds from the glass with a gorgeous nose of black cherries, bergamot, dried citrus peels and oyster shells that develops floral overtones as it aerates. The palate fuses a slender elasticity with weightless richness, transitioning into a soaring, fine-boned finish propelled by refined tannins and marine overtones. This is incredibly dynamic in the glass, and I suspect it will take on greater complexity after a few more years in bottle.
